

ICLO SOCIETY OF THE NLS 2019-20 PROGRAMME SUMMARY

- **(1) ICLO SOCIETY OF THE NLS OPEN DAY**

The opening of the Calendar year of ICLO-NLS activities and presentation of its Programme for 2019/20 will feature an event entitled *Art and Psychoanalysis: Possibilities and Politics* which launches the work and activities for ICLO-NLS. For Lacan, as was the case for Freud there is no place for a reductionist encounter between psychoanalysis and art. Rather the question becomes: what sort of intimacy, saying, or knowledge is possible between these two fields? This question will be explored with a particular focus on the visual arts. These two fields have something important to say, both in general, and to each other.

Responsible: *Linda Clarke, Claire Hawkes, Lorna Kernan, Rik Loose, Sheila Power, Alan Rowan.*

Date: 21st September, 2019.

This event is open to all. Please register at: register@iclo-nls.org More info: www.iclo-nls.org

- **(2) ICLO SOCIETY OF THE NLS ANNUAL CLINICAL AND THEORETICAL SEMINAR**

The axis for the ICLO Society of the NLS Annual Seminar will be *The Partner of our Dreams: Interpretation and Dreams from Freud to Lacan* which will constitute the frame for our work.

Guest speakers for 2019/20 are: **Dalila Arpin** (Paris, ECF) – **Pamela King** (Marseille, NLS), **Gustavo Dessal** (Madrid, ELP).

The first part of the day consists of a conference/seminar on a specific topic delivered by the guest speaker and linked to clinical practice.

The second part of the day includes the participation of one or more presenters in a dialogue with the visiting analyst about a published case-study, a public case or other material relative to the theme of the theoretical presentation.

Dates: 12th October 2019, 23rd November 2019, 23rd May 2020.

- **(3) ICLO SOCIETY OF THE NLS SEMINAR OF THE SCHOOL**

The Seminar of the School is an internal Seminar for ICLO Society of the NLS members, whereby the dimension of Lacan's School is made present through the reading and discussion of a) the foundational texts referring to the concept of the School, the Cartel and the Pass; b) testimonies of the pass by Analysts of the School. The questions of the formation of the analyst, the passage from analysand to analyst, the bond of the analyst to the School as subject and the question of how the singularity of the subject member of the School can be maintained within a multitude that a School is made up of, are some of the topics to be elaborated in this space. To interrogate how to make the dimension of the School exist.

Responsible: ICLO Society of the NLS members.

- **(4) ICLO SOCIETY OF THE NLS TEACHING SEMINAR**

The *Introductory Clinical Seminar to Lacanian Psychoanalysis* is comprised of three-modules: **(The) Beginning (of) an Analysis** (2018): exploring the beginning of analytic treatment following Jacques Alain Miller's *Introduction to the Psychoanalytic Method* and his concepts of "clinical evaluation" "subjective localization" and "introduction to the unconscious". Introduction of Freud's technical papers on the beginning of the treatment and preliminary session, as well as Lacan's algorithm of the transference.

The C(ourse) of an Analysis (2019): focusing on the principles of the direction of the treatment and the triad politics-strategy-tactic. Formalisation of the construction of the fantasy.

(The) End(ing) of (an) Analysis (2019): introducing Freud's and Lacan's various hypotheses and impasses relative to the end of analysis. Clinical moment of the traversing the fundamental fantasy, subjective destitution, and the fate of transference at the end of an analysis. Distinction between symptom and sinthome. What happens with the drive and the Other at the end of analysis? Clinical vignettes and published case studies will illustrate the concepts being worked on.

Responsible: *Rik Loose* and *Florencia Shanahan*.

Dates: 4th October, 1st November, 6th December 2019

Note: If you have not attended the previous module/s but would like to join, please e-mail: info@iclo-nls.org - PRE-BOOKING/PRE-PAYMENT FOR ALL THREE SEMINARS ESSENTIAL

- **(5) ICLO SOCIETY OF THE NLS SPACE FORMATION OF THE ANALYST AND ITS SCHOOL**

An evening events with analysts who engage in transmitting the knotting of the political dimension of psychoanalysis (namely, the end of analysis and the grouping of analysts) with its clinical and theoretical dimensions through the experience of the School.

ICLO Society of the NLS members continue to utilise this space over the past five years, putting to work their reading and discussion of foundational texts (on the School, the Cartel and the Pass) and the study of testimonies of the pass by Analysts of the School.

The questions of the formation of the analyst, the passage from analysand to analyst, the bond of the analyst to the School as subject, as well as the 'neurotic fundament of the desire of the analyst' -for each one-, will be put to work by each analyst via their singular perspective and transmission.

Dates: 11th October 2019, 22nd May 2020.

- **(6) ICLO SOCIETY OF THE NLS SPECIAL INTEREST GROUP**

The Special Interest Group (SIG), *Child and Adolescent Lacanian Psychoanalysis* continues its 7th year of work. This working group aims to develop and share the specificity of the Lacanian psychoanalytic clinic with children and young people. It is a closed group which continues to grow through the work of its participants, who are both engaged with and wish to investigate questions pertaining to their clinical work (from a variety of disciplines).

Responsible: *Joanne Conway*

- **(7) STUDY-DAY**

The ICLO Society of the NLS Study-Day, which marks an important aspect of the year's work in ICLO, is the space where the year's cartel work and other work carried out by members and participants of ICLO is shared in an event that combines clinical and theoretical presentations with the presence and contribution of the incoming President of the *NLS Alexandre Stevens*. In 2020 the topic of the Study-Day will be based on that of the next NLS Congress to be held in Ghent in 2020. The theme is *Interpretation from Truth to Event*.

The Study-Day takes place on the 9th of May 2020 is followed by the ICLO Society of the NLS members Annual General Meeting.

- **(8) ICLO SOCIETY OF THE NLS CARTEL WORK**

Work in *Cartels* is one of the crucial pillars grounding a formation in psychoanalysis within a School and it is, at the same time, a space for anyone interested in psychoanalytic thinking. Anyone with an interest in Lacanian Psychoanalysis can choose this way of producing knowledge, not without others. There are no requirements (i.e. memberships, qualifications, clinical practice) *other than* wanting to inscribe one's singular relationship to psychoanalysis within the framework of this device invented by Lacan, where one works to figure out and follow one's own trait in the reading of the texts. Is there a theme you would like to explore, Freudian texts to discover or return to? A Seminar or *Écrit* you always wanted to read? Want to form or join a cartel?
